A drink for every occasion

The Casella family, makers of the popular [yellow tail] wine brand, has a great appreciation for dining in its many formats. Whether it's fine dining, casual dining or al fresco dining and dining on the go, the Casellas regularly gather to enjoy the various dining styles and they have produced a wine under the [yellow tail] label to match any occasion.

Fine dining – [yellow tail] Limited Release

Casella Wines managing director, John Casella recommends the [yellow tail] Limited Release selection of premium red wines (or similar) to enhance the fine dining experience.

The wines are a regional expression from premium vineyards in South Australia. Rich red fruit flavours balanced with oak result in an indulgent wine that is perfectly match to red meat dishes.

Try the award-winning 2005 [yellow tail] Limited Release Wrattonbully Shiraz.

Casual dining – [yellow tail] Reserves

The [yellow tail] Reserve range of wines have been designed to provide wine lovers with an exceptional quality wine to enjoy on everyday special occasions like dinner with friends or a

birthday at home.

While the [yellow tail] Reserves are a good

'upgrade' from base range wines, they are still incredibly affordable.

Al fresco dining – [yellow tail] Bubbles and Bubbles Rosé

Al fresco dining is one of the Casella family's favourite ways to share a meal over an outdoor buffet of delicious Italian recipes.

Chilled [yellow tail] Bubbles and Bubbles Rosé is ideal for al fresco dining. The balance of fruit flavour, crisp acid and fresh fizz makes this style of wine a great match to any kind of food. The [yellow tail] Bubbles has also just been released in a new re-sealable closure that helps to keep the wine fresher for longer.

Moscato is also a popular wine for al fresco dining. It is a fruity and slightly sweeter style wine with a refreshing spritz and it is lighter in alcohol (7.5 per cent).

Picnic and Travel – [yellow tail] 187mL Joeys

[yellow tail] has recently released a new range of mini-wine 187mL varieties, affectionately dubbed the [yellow tail] Joeys.

The Joeys are available in Pinot Grigio, Semillon Sauvignon Blanc, Chardonnay, Shiraz and Merlot and are an ideal match to antipasti and a wide range of finger foods. **Q**
